Dear Ron,

I wanted to write you to thank you for all you did in preparation and presenting *Excellent Evidence* last month in Pueblo. We faced a lot of challenges to see it come to pass, but it was a good conference, and I know that those in attendance learned new things to help them defend their faith in Jesus. I truly appreciate your passion for Jesus and your work to equip His followers.

Your recommendations of bringing Dr. Rolf Enger and Don Hood on board proved to be great decisions. Both men brought fascinating information, and the three of you covered many bases that I'm sure helped many people learn new ways to defend their faith in Christ.

I encourage you to continue to develop your apologetics ministry. Your entrepreneurial spirit in pursuing this ministry shows just how much you love Christ and want to see people come to Him. I am humbled by the dedication you have to our Lord.

We are in process of producing the audio discs, and will be getting them out soon. Please accept my apologies for not getting this letter to you sooner.

Thanks again for all your work. You are a blessing to the Kingdom of God.

Blessings,

Greg Duke
Pastor
